“The past weekend left me feeling empowered, rejuvenated, hopeful, and enthusiastic about the road ahead with new found confidence knowing I have such a wide network of knowledgeable women behind me.”

“It was exactly what I needed, a weekend away, to recollect and reevaluate and with the guidance of these exceptional women; I was able to not only strengthen the skills I currently possess, but to adapt new abilities which will no doubt promote me in my professional goals.”

“From the moment you step foot in the house, there is nothing but warmth and a sense of belonging. I've never in my life allowed myself to become so open to so many people in such a short time, but at Woodhull everyone is ready to listen and understand and to strengthen each other.”

“Part of the reason Woodhull is so amazing is its safe, nurturing and encouraging environment. You truly do feel supported and that helps open up the door to your potential and motivates you to pursue.”

“They truly do open your eyes to your inner potential, help you channel it into your life, and make you aware that you can control the outcomes in your life. It helps to know that you are supported one hundred percent through this process.”

“The relaxing and safe country environment allowed me to focus on what the retreat offered.”

“The yoga class, public speaking training, negotiation skills class, and financial management class all motivated me and made me more confident in terms of facing a professional environment.”

“Last but not the least, because of the retreat, I met all those promising college students and successful young professionals. They are truly an inspiration and role model for me.”
